Many thanks for your letter of 28th May. I agree with the course that you propose about the study of monetary policy.

In case you have not seen it, I am enclosing a copy of the chapter on inflation from C. Goodhart's book. Even if one ignores the technicalities, I think one will find that there is a good deal of wisdom in what he has to say - which is why we are all correct to stress the need for a "battery of weapons".
