

## THE WHITE HOUSE

June 2nd 1989

Dear Margaret and Dennis -

From the moment we arrived  
to the moment we left you both  
made us feel like welcome old  
friends. How kind of you in your  
busy lives to meet us at the  
airport. When we got to our rooms  
we found the lovely basket of  
English cut flowers... including some  
of my favorites... sweet peas. We  
loved our charming pens and the  
truly beautiful little music box. ☺

the star!

As always, Dennis, I enjoyed  
being with you. Your wit and  
good sense entertain me, but I  
will make you a promise. I will  
restrain my impulsive nature if  
you won't restrain yours!

The dinner last night was so  
lovely and we were delighted to  
see so many good friends.

Most grateful and warmly -

Daubas
