Prime Minister

Professor Hugh Thomas telephoned this afternoon to confirm an arrangement he made with you this morning.

Apparently you suggested that he and his wife come to Chequers on Saturday 29th September so that you could discuss the Luxembourg speech he is drafting for your Box on Friday night (28th September).

He says his wife will not be able to come but assuming the speech is ready for you on the Friday night he would be delighted to do this if you are still able to.

Yes - please
