(PM's visit to D. Energy)

Energy 1979

PRIME MINISTER

I attach notes setting out the main issues, with an indication of their possible timetable, on which I expect early collective discussion will be necessary. You may wish to have a brief discussion on some of these when you visit the Department on Friday.

I am sending copies of the note to Geoffrey Howe, Keith Joseph, Lord Carrington, Michael Heseltine, John Nott, Jim Prior, George Younger, Nicholas Edwards and Sir John Hunt.
