THE PRIME MINISTER

5 June 1980

Dear Jimmy,

Caroline tells me that you have been absolutely marvellous about finding some "entertainers" to help with my childrens party on Saturday. As you have gone to so much effort it will almost certainly not rain, but it will be a great comfort to me to know that there is some sort of back-up. I will naturally thank the people who come most profusely, but I just wanted you to know how extremely grateful I am to you for taking so much trouble. I gather it took you most of the morning and you have so many other things to do.

Many thanks and best wishes.

Yours sincerely
Margaret Thatcher
