Dear Margaret

Last week I complained in PM Questions that Humphrey Atkins had not invited all Unionist MPs to the proposed Conference on NZ. I thought that my protest would have brought a favourable response from the Secretary of State. I am deeply upset that there is no change in his attitude.

I support the proposed Conference & therefore I feel incensed at being left out, especially since I am the only <sup>elector</sup> representative of Unionist opinion who unequivocally supports a Conference.

Apart from that I believe that  
all West M.P.'s should be invited  
This, in fact, only means an  
additional three representatives —  
Frank Marquis, Sam Dunlop &  
myself.

Yours sincerely

Jim Kufeldt
