MRS. THATCHER

Nigel Lawson wanted you to know that in P. M.'s Questions this afternoon, Mr. Wilson made a major error over the PSBR under the last Tory Government.

He exaggerated by about £2,000 m.

Mr. Lawson has written to the Prime Minister suggesting he should make a personal statement at his earliest opportunity.

The letter has been given to the Press Association with an embargo for half an hour.

This is purely for your information.
Not action.
