

10 DOWNING STREET

10th March, 1980

Dear John,

Thank you very much for your kind letter of February 26th. I cannot tell you how much I appreciate your support and encouragement. It has done my morale no end of good. Yes, I shall continue to follow my instincts and not be put off by certain commentators who never seem to travel north of Watford except at Election time.

With best wishes,

Yours ever

Lord Vaizey.
