

10 DOWNING STREET

THE PRIME MINISTER

13.9.82

Dear Lady Rose,

I watched charity on  
for a wonderful lunch and a  
happy afternoon. Whatever the  
difficulties you always cope  
magnificently and the weekend gets  
off so a splendid start.

We are busily preparing for  
Japan, China and Hong Kong, and  
so many things turn up at the

Last minute needing attention.

I hope you are enjoying  
Belmont this year. It is a  
different world and as I write in  
my study it seems so far away  
not only geographically but in  
atmosphere.

With many thanks

Yours sincerely  
Margaret Thatcher
