

E. B.

PRIME MINISTER

(F)

Manchester By Election

Lord Thorneycroft has now returned from holiday and is ~~strongly against~~ you campaigning in the Manchester Central By Election. In view of your many commitments it would be a good opportunity to break with the sequence of visits to By Elections. At the same time, it could be made clear that you intend campaigning in future ones whenever time permits. Is my interpretation of your view on this matter correct? If so, I will relay the information to Lord Thorneycroft.
