THE PRIME MINISTER

19 November 1982

Dear Sir Arthur,

Thank you for your letter of 14 November and for the dedication in your Introduction of your latest book "Spirit of England". I look forward with great pleasure to reading it during the Christmas Recess.

I have already read the Introduction - which is wonderful - I agree that history has become far too specialised. A book like your own is a rare event to-day. So few people could write them.

Yours sincerely

Raymond Storer
