THE PRIME MINISTER

5 March 1981

Dear Dr. Young,

I am writing to thank you both for arranging such a fascinating visit to the Goddard Space Flight Center on Friday and for taking such trouble in showing me round. I was enormously impressed by everything I saw.

Thank you also for the prints and for the book with which I was presented. They will be valued mementos of an exciting occasion.

I loved every moment of the visit.

Am good wishes,

Yours sincerely
