My dear Jimmy,

It is wonderful that you have made the £9 million mark. Only one more to go. I am delighted to hear that the Prince of Wales has agreed to open the new National Spinal Injuries Centre in early August. Do please keep me informed of this last leg. Could you also thank Janet for her nice letter.

I shall of course bear in mind your invitation to go over to Stoke Mandeville. I cannot make any promises at the moment as I seem to be very overburdened. But I know you understand all this.

Every good wish

Yours very

Raymond
