

10 DOWNING STREET

THE PRIME MINISTER

13th June 1983

Dear Harvey and Marlies,

I know just how much hard work you both put into the General Election Campaign, not only in arranging all the lighting, sound effects and autocue for the Rallies at which I spoke up and down the country, but also for the daily Press Conferences at Central Office. I would like to thank you so very much for all that you did.

My especial thanks to Marlies for her help with the autocue at the Rallies. I am afraid that more often than not the typing had to be done at short notice and Tessa and Alison have told me what a marvellous, and calm, support you were.

Publicity is a vital part of any election campaign in order to put across our policies, and you have played an important role in this during the past three weeks. I hopw that we can continue to count on your invaluable assistance in the future.

With every good wish to you both, and my renewed thanks,

Yours sincerely
Margaret Thatcher

Mr and Mrs Harvey Thomas.
