Dear Prime Minister,

Hoping that some of the dust from your past incredible month has settled down. Please add our congratulations from all of us here for your personal success and that of your team and we all thank God that we can rest peacefully in our beds for another five years.

Our next big dates here are Saturday 23rd July when we will transfer all the patients to the new building on the same day and Wednesday 3rd August when Prince Charles will be coming to perform the Opening Ceremony.

Best love,

Jimmy
