Dear Prime Minister,

Angela and I are delighted with the cups and saucers. They look very well on our mantelpiece, and I am very proud to have been given them by you.

Luck on Tuesday was a very emotional occasion for me. It was good of you to include Angela. It meant a lot to me to share the occasion with her.

For me, as I know it is for you, it was a

great privilege to work at No 10. It was  
a very great privilege and source of happiness to  
work for you.

Thank you for all your kindness and  
hospitality (lots of both) to me over the last two  
years. I send you every good wish.

Love from,

Michael
