My Dear Jangard

I have just heard on the  
early news of your election as leader.  
Warm congratulations & good wishes. You  
also know that if I had had a vote it  
would have been for you! But that in no  
way will diminish my support for you &  
I pledge you to help in any way I can.

It is being that it's all over & we  
can now get down to being a decent  
opposition - after a long time.

The very best of good luck.

John
