MINISTER'S

Dear Prime Minister:

113/80

On January 20, I am sending the attached letter to the President of the United States Olympic Committee informing him that I cannot support United States participation in the Summer Olympic Games in Moscow, the capital city of a nation whose invading military forces are occupying Afghanistan. I am requesting that the Committee work with other national olympic committees to seek the transfer or cancellation of the 1980 Moscow Olympic Games unless the Soviet Union withdraws its troops from Afghanistan within the next month. If the Soviets do not withdraw and the Games are not transferred or cancelled, I am asking that the United States Olympic Committee not participate in the Games in Moscow, and, instead, work with other nations to organize alternative Games.

I hope that you will urge your own Olympic Committee to take similar action. I believe that such action is necessary to support the position of the United Nations General Assembly, to convince the Soviet Government and people of the world's outrage at Soviet aggression in Afghanistan and to deter future aggression.

Please hold my action in confidence until after 1:00 PM,
Washington time, January 20.

Sincerely,

/s/

Jimmy Carter

Text of Letter to Robert Kane

As President of this nation and as Honorary President of the United States Olympic Committee, I write to advise you of my views concerning the Games of the XXII Olympiad scheduled to be held in Moscow this summer.

I regard the Soviet invasion and the attempted suppression of Afghanistan as a serious violation of international law and an extremely serious threat to world peace. This invasion also endangers neighboring independent countries and access to a major part of the world's oil supplies. It therefore threatens our own national security, as well as the security of the region and the entire world.

We must make clear to the Soviet Union that it cannot trample upon an independent nation and at the same time do business as usual with the rest of the world. We must make clear that they will pay a heavy economic and political cost for such aggressions. That is why I have taken the severe economic measures announced on January 4, and why other free nations are supporting these measures. That is why the United Nations General Assembly, by an overwhelming wote of 103 to 18, condemned the invasion and urged the prompt withdrawal of Soviet troops.

I want to reaffirm my own personal commitment to the principles and purposes of the Olympic movement. I believe in the desirability of keeping government policy out of the Olympics, but deeper issues are at stake.

In the Soviet Union international sports competition is itself an aspect of Soviet government policy, as is the decision to invade Afghanistan. The head of the Moscow Olympic organizing committee is a high Soviet government official:

The Soviet government attaches enormous political importance to the holding the 1980 Olympic Games in Moscow, and if the Olympics are not held in Moscow because of Soviet military aggression in Afghanistan, this powerful signal of world outrage cannot be hidden from the Soviet people, and will reverberate around the globe. Perhaps it will deter future aggression.

I therefore urge the USOC, in cooperation with other National Olympic Committees, to advise the International Olympic Committee that if Soviet troops do not fully withdraw from Afghanistan within the next month, Moscow will become an unsuitable site for a festival meant to celebrate peace and good will. Should the Soviet Union fail to withdraw its troops within the time prescribed above, I urge the USOC to propose that the games either be transferred to another site such as Montreal or to multiple sites, or be cancelled for this year. If the International Olympic Committee rejects such a USOC proposal, I urge the USOC and the Olympic Committees of other like-minded nations not to participate in the Moscow Games. In this event, if suitable arrangements can be made, I urge that such nations conduct alternative Games of their own this summer at some. other appropriate site or sites. The United States Government is prepared to lend its full support to any and all such efforts.

I know from your letter to me and your meeting with
Secretary Vance and Lloyd Cutler of your deep concern for
the men and women throughout the world who have trained
tirelessly in the hopes of participating in the 1980
Olympic Games. I share your concern. I would support the
participation of athletes from the entire world at Summer
Olympic Games or other Games this summer outside the Soviet
Union, just as I welcome athletes from the entire world to
Lake Placid for the Winter Olympic Games.

I have the deepest admiration and respect for Olympic athletes and their pursuit of excellence. No one understands better than they the meaning of sacrifice to achieve worthy goals. There is no goal of greater importance than the goal at stake here—the security of our nation and the peace of the world.

I also urge that the IOC take a further step to eliminate
future political competition among nations to serve as.

hosts for the Olympic Games. I call upon all nations to
join in supporting a permanent site for the Summer Olympics
in Greece, and to seek an appropriate permanent site for
the Winter Olympics.

The course I am urging is necessary to help secure the peace of the world at this critical time. The most important task of world leaders, public and private, is to deter aggression and prevent war. Aggression destroys the international amity and good will that the Olympic Movement attempts to foster. If our response to aggression is to continue with international sports as usual in the capital

of the aggressor, our other steps to deter aggression are undermined.

The spirit and the very future of the games depends upon courageous and resolute action at this time. I call for your support of the other Olympic Committees throughout the world.
