

HOUSE OF COMMONS
LONDON SW1A 0AA

4th December 1990

Dear George,

Thank you for your
kind letter and for all the help
you have given me.

What has happened is now
in the past and - in line with
your advice - I am sure I had best
I can continue to have some
influence on politics at home and

Overseas.

After 12 years it seems very
strange not to be making decisions
day by day at No. 10. But that
would have had to end sometime.

And now we have the best hope
in John Major of continuing the
policies you and I believe in.

All good wishes for your
to you. Mine

Yours ever

Margaret
