

HOUSE OF COMMONS
LONDON SW1A 0AA

22nd February 1979

Dear George,

Thank you for your letter.

Some thinking is already being done on the basis of the Carrington Committee Report; but you will remember from its content that the main action can only be taken in Government. There is obviously a limit to what we can do outside, and I think it would be a mistake to reconvene that particular Committee now.

You will remember that it contains "outside" people

Yours

George

The Hon George Younger TD DL MP
