Prime Minister.

It would be much appreciated by the Indian community if you were to take this on. I know that you have taken an interest in the Bhavan in the past. However :-

(a) you are doing the Bhavan proud during your visit to India;

(b) you would have to make a speech;

(c) your programme is already overcrowded;

(d) I have doubts whether there is much political advantage to be derived from a visit at this stage.

Shall I request on your behalf?

I will do it -
not Ant.
